## SENATE'S SESSION.

Transactions of the Upper House of Congress.

BUT VERY LITTLE WORK DONE.

A Number of Bills are Introduced and Referred to Committees—The Nomination of Stephen B. Elkins to Be Secretary of War Was Confirmed in the Senate's Secret Session.

WASHINGTON, Dec. 23.—The senate yesterday resumed its normal appearance after the obsequies of the previous day, but there was a significant scantiness of attendance and an obvious disposition to bring about an early adjournment.

The vice president laid before the senate a communication from the acting secretary of war transmitting a report of the chief engineers in response to a resolution of the senate, adopted at this session, inquiring what steps had been taken by the war department to carry out the provisions of the last river and harbor bill relating to obstructions in navigable waters of the United States and what further legislation, if any, was necessary. The acting secretary of war concurred with the chief of engineers that the law had not been in force a sufficient length of time to ascertain its practical effect on what further legislation would be necessary to secure its enforcement.

Mr. Manderson presented a memorial from the Minnesota commandery of the Loyalty Legion calling attention to the defenseless condition of the cities and harbors on the seaboard and expressing the opinion "that while the new war vessels thus far constructed and authorized by congress are a credit to the American people, it is a sense of this commandery that a navy sufficient in ships and armament to command and enforce the respect due to the flag of this nation the world over should be completed at the earliest possible moment."

Clerk Kerr, of the house, announced the passage by that body of the concurrent resolution to adjourn Wednesday until Tuesday, Jan. 5.

Immediately afterwards Assistant Secretary Pruden was announced with a message from the president.

Mr. Wolcott, by request, presented a petition from a number of labor organizations in Colorado against permitting military bands to compete with civilian bands.

A number of bills were then introduced.

A report of the assistant clerk of the court of claims being laid before the senate giving findings of facts and figures in some additional French spoliation cases, precipitated a brief debate on these claims. Mr. Cockrell wanted the report referred to the committee on appropriations. After discussion the report was referred to the committee on claims to investigate and report instead of the committee on appropriations.

Senator Stanford took the oath and his seat as senator, re-elected by the state of California, and immediately afterwards presented a heavy batch of bills.

On motion of Mr. Allison the senate took up and passed the house concurrent resolutions to pay employees their month's salary Dec. 24, and to adjourn Wednesday until the 5th of January.

At the suggestion of Mr. Culom the senate at 1:05 went into executive session. At the expiration of ten minutes the doors were reopened, and the resolution of the house in relation to the death of Representative Ford, of Grand Rapids, being called up, the senate out of respect to his memory adjourned.

During the ten minutes executive session the senate confirmed the nomination of Stephen B. Elkins as secretary of war, referred to appropriate committees a number of postmasters' nominations received Tuesday and released the seal of secrecy upon a large number of recess appointments previously confirmed.

CHANGED HIS MIND.  
Michigan's Secretary of State Wishes to Recall His Resignation.

LANSING, Mich., Dec. 23.—Daniel Soper, who tendered his resignation as secretary of state to the governor a few days ago, when charges of malfeasance were preferred against him, yesterday addressed a letter to Governor Winans, in which he states that his resignation was tendered upon the advice of others and without mature deliberation on his part and that having received no notice of acceptance of his resignation, he now wishes to withdraw it and submit himself to a thorough investigation of the charges against him.

Mr. Soper says he did not intentionally commit any wrong in the discharge of his official duties and protests that the governor is without authority to receive or accept his resignation. The governor was seen last night and said that the resignation was accepted on the 19th and that he would appoint Soper's successor as soon as possible.

RELIEF FOR THE MINERS.

The Strikers' Families Will be Supplied with Food for the Winter.

TERRE HAUTE, Ind., Dec. 23.—A delegate convention of coal miners will meet in this city on Thursday of this week, and a general representation throughout the coal-mining district is anticipated.

Vice President Penna reports that the principal purpose of this meeting is to devise ways and means whereby needed clothing and fuel can be distributed among needy families.

Mr. Penna also reports that ample funds are now available to supply the strikers with food for the winter. No question will be considered, he says, looking to a return of the bituminous-miners to work at the old schedule, nor toward making a demand upon the block men that they submit to a reduction of five cents.

It Did Not Disturb the Sermon.

CRAWFORDSVILLE, Ind., Dec. 23.—An officer entered a colored Baptist church last night for the purpose of arresting a colored man named Evans. The latter was in the church with his sweetheart and when he saw the officer coming he ran to the altar steps and drew a razor.

When the officer came within reach he sprang upon him and cut him severely.

The negro then fled from the church, the officer firing at him as he ran. The first shot brought him to his knees but he struggled to his feet and escaped. The greatest excitement prevailed, and the minister who was in the middle of the sermon, when the officer appeared, continued right along as if nothing had happened.

Child Kidnapped.

BOSTON, Dec. 23.—Albert Johnson Monday kidnapped a six-year-old adopted son of Mr. and Mrs. John Ellis, and took him to Exeter, N. H., where Johnson and a woman named Watkins were arrested yesterday and the boy recovered.

The woman was representing herself to be the boy's mother. Johnson had been boarding in the Ellis family for some time past. It is believed the object of the kidnapping was to obtain ransom, as Ellis is wealthy. The boy was given to Ellis when five weeks old by his mother, a Mrs. Young. It was first thought the woman who aided Johnson was the boy's mother, but such was not the case.

MISSING HEIR FOUND.

CORTLAND, N. Y., Dec. 23.—John Givens, the missing heir to the immense Givens estate here, has been found in Wheeling. He has been missing since last June, when he left for San Francisco. He was heard from on his arrival there, and then all trace of him was lost. His baggage was found in San Francisco and it was supposed he had been murdered and the body concealed. He was mourned for dead here. The executor of the estate, Mr. H. B. Hubbard, heard from him yesterday.

INSTANT DEATH FROM ELECTRICITY.

NEW ALBANY, Ind., Dec. 23.—While Louis Wagner was at work on a ladder repairing a large power wire at the electric company's plant Tuesday morning the ladder slipped, and in falling struck the wire, breaking it. One end struck Wagner on the wrist, forming a ground connection and killing him instantly.

Marcus Rutherford, a fellow workman, was struck by the other end of the wire, and perhaps fatally shocked.

BUT ONE LEFT OF THE FAMILY.

DEER CREEK, Ills., Dec. 23.—Diphtheria is raging in this community. The family of James Harris, a week ago, consisted of himself, his wife, and six children. Five of the children, the eldest a young lady of nineteen, who was engaged to have been married Christmas, are dead, and the surviving child, a boy of seventeen, is at death's door. The father and mother are expected to recover.

CARELESS HANDLING OF FIREWORKS.

SHOALS, Ind., Dec. 23.—Monday night a pile of fireworks valued at \$200, in Johnson Brothers' store, was set on fire by a ball fired carelessly from a Roman candle. In a second there was a terrific explosion of fireworks, and a rush made for the doors by the custodians, who thought the building was doomed. The stock in the store was almost entirely destroyed.

PRISON WARDEN SUED.

COLUMBUS, O., Dec. 23.—Mrs. Carrie E. Fitzgerald, the wife of the executed murderer, has brought suit against Warden Dyer, of the penitentiary, for \$10,000 damages—\$5,000 for malicious prosecution and \$5,000 for false imprisonment. The case grows out of the warden's warrant against her for taking the manuscript of her husband's biography out of prison.

TOLEDO, Dec. 23.—The Cincinnati, Jackson and Mackinaw railroad was sold at master's sale yesterday afternoon by Master B. F. Wade. The road was bid in by Colonel Robert G. Ingersoll for J. Kennedy Todd, of the reconstruction committee, New York city, whose attorney Colonel Ingersoll is. The price paid was \$150,000, and \$15,000 was paid down. This was the second time this road has been offered for sale.

RAILROAD SOLD.

TOLEDO, Dec. 23.—The Cincinnati, Jackson and Mackinaw railroad was sold at master's sale yesterday afternoon by Master B. F. Wade. The road was bid in by Colonel Robert G. Ingersoll for J. Kennedy Todd, of the reconstruction committee, New York city, whose attorney Colonel Ingersoll is. The price paid was \$150,000, and \$15,000 was paid down. This was the second time this road has been offered for sale.

AKRON, O., Dec. 23.—The shoe store of E. W. Brinkman was closed by the sheriff yesterday on an execution of \$14,000, in favor of James M. Potter, of Cincinnati.

## RAILROADS AT WAR.

ONE RESULT OF THE RECENT WRECK AT TOLEDO.

THE ROADS SUED FOR DAMAGE.

ALL THE OFFICIALS OF THE FLINT AND PERRÉ MARQUETTE LEAVE THE STATE AND NOT EVEN AN EMPLOYEE CAN BE FOUND—THE MICHIGAN CENTRAL A GAINER BY THE TROUBLE.

TOLEDO, Dec. 23.—The recent disaster in the Lake Shore yards in this city, in which ten persons were cooked to death, is the cause of a bitter war between the Lake Shore and the Flint and Pere Marquette roads.

The decision of the coroner in the case of the wreck has not yet been made, but suits aggregating \$35,000 were commenced Saturday against the two roads by survivors who were injured. Service was made upon the Lake Shore Monday, but not a Flint & Pere Marquette official or employee could be found in the state when the sheriff tried to serve summons on that road yesterday.

It seems that Monday night every Flint and Pere Marquette ticket seller, freight or passenger engineer, conductor or other employee living in Toledo, or Ohio, was summarily discharged. Not a soul in the state can be found who has the slightest connection with the road. It has abandoned its vast business interests here and will make its future terminals Monroe and Detroit.

It turned an average of 26,000 cars of freight per year over to the Lake Shore which will now go to the Michigan Central. This is ostensibly because the Flint and Pere Marquette would not sign an agreement for using the Lake Shore tracks which was declined by President Newell, and on which he insisted after the accident occurred. The roads have been running on a verbal agreement for twelve years, and the great haste of the Pere Marquette people to leave the state is to save that road from paying probably \$250,000 in damages to injured passengers and relatives of ten dead ones.

TELLS HIS OWN STORY.

ONE OF THE VICTIMS OF THE VALPARAISO OUT-RAGE IN SAN FRANCISCO.

SAN FRANCISCO, Dec. 23.—Sailor Patrick Shields, who was maltreated in Valparaiso by the Chileans, arrived here on the steamship Keeweenaw yesterday. He told a United Press reporter that while ashore at Valparaiso he, with a companion, was arrested by the police. He was not treated badly until it was learned that he was an American. He said when this fact became known he was cruelly beaten. He broke away from his captors and fled, but was pursued by a mounted officer, who rode him down and beat him into insensibility.

Without trial he was placed upon the police boat. Through the intercession of the American consul he was released and indemnity promised him. The Chilean officials said it would be forwarded to San Diego, but none has arrived.

The officers of the steamship report no new outrages, but say that the feeling against the Americans is intense.

CRAZY WOMAN WITH A GUN.

AN INSANE WOMAN RUNS AMUCK ON A PASSENGER TRAIN.

LINCOLN, Neb., Dec. 23.—When the Burlington flyer arrived here yesterday afternoon the police had quite an exciting time trying to secure an insane woman who had run amuck on the train and had the passengers terrified. The woman is the wife of Benjamin Kocher, Denner mail carrier, who is bound east with her.

Yesterday she suddenly lost her reason, and drawing a revolver began firing. She then locked herself in a water closet, and when John Mills, the colored porter, tried to get her out she shot through the glass door and wounded him in the groin. When the police attempted to get her out she again opened fire and shattered all the glass in one end of the car. She finally became quiet when informed that the police would protect her, and she was locked up. Mills is not seriously injured.

STORM IN STREAKS.

CONSIDERABLE DAMAGE DONE BY A HURRICANE IN IOWA.

MARSHALLTOWN, Ia., Dec. 23.—A storm having all the elements of a summer hurricane struck this section last night, causing much damage.

The house of Andrew Oleson, in the southwest part of the city, was blown down and burned. Oleson was caught in the wreck and badly crushed. It is thought that he will die. Many outbuildings were overturned and trees uprooted.

The farmhouse of Thomas Hughes, six miles southwest of town, was lifted up bodily and carried one hundred feet, but not greatly damaged. The occupants escaped injury.

The storm went in streaks, leveling stalk fields as if by a roller.

RAILROAD SOLD.

TOLEDO, Dec. 23.—The Cincinnati, Jackson and Mackinaw railroad was sold at master's sale yesterday afternoon by Master B. F. Wade. The road was bid in by Colonel Robert G. Ingersoll for J. Kennedy Todd, of the reconstruction committee, New York city, whose attorney Colonel Ingersoll is. The price paid was \$150,000, and \$15,000 was paid down. This was the second time this road has been offered for sale.

THREE KILLED AT TORTILLAS.

LAREDO, Tex., Dec. 23.—An engagement has taken place at Tortillas, Tamaulipas, between the Mexican troops and the insurgents. The insurgents were defeated, with three killed and a number wounded. The United States troops immediately left to prevent the crossing of the insurgents into Texas.

RELIEF ASKED FOR FAMINE SUFFERERS.

DES MOINES, Dec. 23.—Governor Horace Boies yesterday issued a proclamation calling upon the people of Iowa for contributions for the relief of Russian famine sufferers. A committee of which H. C. Wheeler, late candidate for governor, is a member, was appointed to have charge of the matter.

SOME MIGHTY PLAIN LANGUAGE FROM BISHOP FALLOWS.

CHICAGO, Dec. 23.—Monday was the closing day of the session of the American Institute of Sacred Literature at Farwell hall. The interest of the day centered in the address to business men by the Right Rev. Bishop Samuel Fallows. He said:

"The crimes of the business men of today were begun centuries ago and were among the chief causes that led to the ruin of the kingdoms of Israel and Judah. Their balances were deceitful and their measures false; they gained wealth by defrauding their fellow-men."

"The same statements can be applied to the great majority of business men today. They sell adulterated food and ease their consciences by thinking that they did not do the adulterating; they use short weights in coal; they use marks and brands that are calculated to deceive and sell liquors and beverages that can not fail to have a deleterious effect on the purchasers. It is by these methods that the business man of today acquires money, and it is by these practices that the whole of business intercourse is made corrupt. It is to abolish such practices that institutes of this character are organized and maintained."

"The business man who knowingly sells an article that is not what it is represented to be, and then goes to church and prays Sunday, will be along way from heaven when the judgment day arrives. The business men of Chicago are busy men, and many of them may claim that they have not the time to devote to the study of the magnitude of the evil or to take any steps to stop it. Every man has the time to do this thing if he only has the disposition. Study your Bible lesson each Sabbath and give a portion of each day to the study of such principles as will tend to elevate the mind. If you give one-tenth as much time to such contemplation as you give to business affairs you will find that both yourself and the world will be bettered. Our work is to elevate the morale of the people and your aid is indispensable to us."

THE DEAD SENATOR.

PREPARATIONS ALL COMPLETE FOR THE BURIAL AT EMPORIA, KANSAS.

TOPEKA, Kan., Dec. 23.—The officials of Kansas, prominent citizens and representatives of the Grand Army, and other organizations, left Topeka yesterday evening for Kansas City on a special train over the Santa Fe railroad to meet the committee having in charge the remains of the late Senator Plumb. Upon the arrival in Kansas City of the Washington special on Wednesday morning the remains and the committee of honor will be transferred to the Santa Fe special train in waiting, and conducted to Topeka.

At Topeka the train will be met by an immense concourse of citizens and the body escorted to the capitol, where it will lie in state for a few hours in the magnificent senate chamber, which has been appropriately draped with mourning emblems for the occasion. At 2 o'clock Wednesday the special train will proceed to Emporia, where, after proper ceremonies and final honors, the body will be interred.

Mrs. Plumb is still bearing up bravely. The ladies of Emporia, who have been her intimate friends for years, are doing everything in their power to alleviate her grief. Miss Ruth Plumb superintends the household, the other daughter, Miss May, being sick with la grippe. What is to be feared most is the strain upon the already enfeebled health of Mrs. Plumb when the funeral cortège arrives in Emporia. Every precaution will be taken to alleviate the sad meeting. Doctors with restoratives will be present and all that loving and kind hands can accomplish will be done.

WON AND LOST FORTUNES.

DEATH OF JOHN DAVIES, THE MINER POKER PLAYER.

CHICAGO, Dec. 23.—John Davies, one of the best known mining experts in the west, died at the Sherman House of pneumonia. Mr. Davies had made and lost several fortunes in Colorado and California. He died almost penniless. He was the original owner of the Little Chief mine, near Leadville, which he sold some ten years ago for \$500,000. It was afterwards sold again for \$5,000,000. There is not a miner in the west who has not heard of the great poker game at Leadville in which Davies got up from the table \$30,000 loser. The next night he sat down and not only recovered his losses, but won \$20,000 on top of it. Drunk or sober, no one could deceive him on the value or possibilities of a mine, but money slipped through his fingers like so much water. He gave large sums of money to charitable societies at Denver, Leadville and other Colorado towns.

DEATH OF AN OLD RESIDENT.

MUNCIE, Ind., Dec. 23.—John W. Hilligoss, aged seventy-seven, a resident of Madison county since 1848, died at the home of his son, Captain J. W. Hilligoss, this city, yesterday of a paralytic stroke. The interment will be at Anderson. He was the father of Dr. G. W. Hilligoss, of Anderson.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & McCARTHY,  
Proprietors.

WEDNESDAY, DECEMBER 23, 1891.

It is very evident that President Harrison desires another term at the White House and is shrewdly manipulating all the wires to secure a re-nomination.

DANA, of the New York Sun, wants the tariff let alone. That's President Harrison's expressed wish in the matter. And yet Mr. Dana presumes to map out the contest for the Democratic party next year. Why not call on the Republicans outright to do that?

The trotter Mattie H., record 2:23, valued at \$8,000, was stolen from the stables of her owner, A. W. Smith, of Boyle County, a few days since. Thieves are going at a pretty rapid gait nowadays. It is doubtful whether the one in this case knew he was getting such a valuable piece of horseflesh.

TIN-PLATE is coming from Wales at the rate of something in excess of 4,000,000 boxes a year under the McKinley bill. The year prior thereto the imports were 2,459,418 boxes. In the meantime the consumer is paying a tax of 2½ cents per pound. Somebody is making a nice "spec" out of it.—Enquirer.

PRESIDING ELDER REEVES of the Maysville district, M. E. Church, South, has been subjected to more indignities at Millersburg. It is very evident that the hoodlums up there are encouraged in their egg-throwing devilry by parties who wouldn't like to be classed along with the law-breakers. These outrages are calculated to do Millersburg a thousand and fold more injury than the removal of half a dozen colleges. The town still has a female college, but who will patronize a place where such disgraceful doings are allowed to go unpunished.

WHAT'S the matter with all those tin-plate factories we heard so much of a few months ago? The report of the Chamber of Commerce of Swansea, Wales, shows that the direct exports of tin-plate to the United States from Swansea in 1880 amounted only to 105,856 boxes. In 1890 the amount was 2,459,418 boxes, and during the three months ending June 30th of the present year it reached 1,058,323 or, at the rate of 4,000,000 boxes for the past year. Major McKinley's tariff, which was framed to shut out foreign made goods, seems to have increased the importation of tin-plate.

DID President Harrison in appointing Woods to a position on the Circuit bench of the Federal Courts seek to square himself with Blocks-of-Five Dudley? He owes Dudley a good deal for valuable help rendered in 1888, and Dudley is more deeply in debt to Wood for filing away those indictments against him in Indiana. It would be a disgrace to the Federal bench to allow on it a man with such a besmirched character as Woods, and it is to be hoped the Senate will refuse to confirm his appointment. President Harrison shouldn't use these honored positions in paying off his political debts.

### Advertised Letters.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Tuesday, December 22, 1891:

### Holiday Excursion Rates.

The Chesapeake and Ohio Railway will sell excursion tickets between all stations on its line December, 24th, 25th, 30th and 31st, and January 1st, good to return until January 4th, 1892. From stations between Huntington and Cincinnati, excursion tickets will also be sold to points on the Big Four, C. H. and D. O., and M. and L. and N. Railways. Apply to ticket agents for full information.

### For the Children.

Our readers will notice the advertisements in these columns of Chamberlain & Co., Des Moines, Iowa. From personal experience we can say that Chamberlain's Cough Remedy has broken up bad colds for our children and we are acquainted with many mothers in Centerville who would not be without it in the house for a good many times its cost and are recommending it every day.—Centerville (S. D.) Chronicle and Index.

### MAYSICK'S NEW CHURCH.

It Was Formally Dedicated Last Sunday—J. B. H. Talks of the Services and the Building.

At her semi-centennial, the Mayslick Church of the Disciples, Sunday, December 20, re-opened their remodeled house of worship. All the former pastors of the church were invited to participate in the services, but none put in an appearance save Rev. W. J. Loos. The invited guests—Elders Lucas, Rice, C. L. Loos, Robert Graham, Wallace Tharp, Wm. Morrison and Tiller—sent letters of regret. They couldn't slip their friend, la gripe. The venerable R. C. Ricketts, the first pastor in the old church, now in his eighty-ninth year, was too ill to be present.

The remodeled church has a seating capacity of eight hundred. It was completely filled on the opening Sunday. Elder Loos' text was Matthew, fifth chapter, fourteenth verse: "Ye are the light of the world." The speaker soon had his vast audience under complete control, and held their undivided attention to the close. At the afternoon service, brief addresses were made by the pastor, Rev. F. M. Tinder, and by Rev. J. D. Simons, pastor of the Baptist Church. The house was filled again at night, and another masterly discourse by Rev. W. J. Loos, from twenty-third chapter of Luke, thirty-fifth verse: "And the people stood holding."

The church building is of the composite order of architecture and beautifully furnished. It is lighted by gas and heated by steam. The ventilation is perfect. The memorial window is a thing of beauty. The bird of peace is represented hovering over the crown and anchor—in the margin this motto: "To the Glory of God and in Loving Memory of Our Mother, Lamira M. Duke; Died May 15, 1891."

After the midday service, all were invited to Oddfellows' Hall to refresh the inner man. The general survey of guests, waitresses and long line of tables groaning with the fatness of the land, garnished with unnumbered delicacies, presided over by the good sisters and their pretty daughters, was somewhat bewildering. None were sent away fasting, and more than seven baskets of fragments were taken up after eight hundred persons had been fed.

The day was bright and balmy and the social features of the occasion were most enjoyable. Just enough of the old walls were retained in the newly constructed building to hold the resonance of the old forty-oners—the grand pulpit orators of that period—and of the faith and heroism and aspirations and love of the grand men who built the first house.

### Here and There

Professor Milton Johnson, formerly of Mayslick, was in town yesterday.

Miss Lucy A. Nicholson is at home after spending several weeks in Newport.

Mrs. Henry Held, Jr., and son, of Newport, are spending the holidays with her parents, Mr. and Mrs. C. H. Nicholson.

Mr. J. Baron Blatterman, of Kansas City, is at home to spend the holidays with his parents and other relatives in this city.

Misses Lizzie Best and Edna Hunter, on their way home from Millersburg Female College to spend the holidays, are guests of Mr. and Mrs. Jno. W. Boulton.

### OUR NEIGHBORS.

#### MORANSBURG.

John Mackey, of Covington, is here visiting his parents.

Rev. W. H. Hall returned home Monday from Vanceburg.

W. L. Moran shipped a bunch of cattle to the city last Monday.

E. D. Picket attended the tobacco sales at Cincinnati last week.

About half of the people in this vicinity are down with the prevailing epidemic.

A merry Christmas and a prosperous New Year to the BULLETIN and its many readers.

#### RECTORVILLE.

M. P. Moody talks of moving to Flemingsburg.

Almost every family in this vicinity is down with grippe.

Miss Belle Dickson has gone to Middlesborough to visit her sister, Mrs. G. F. Pollitt.

Mrs. Sarah McCall, of Gardenville, Grant County, is visiting her friends in this vicinity.

Elder Zeigler failed to meet his appointment at schoolhouse, on account of ill health, Sunday evening.

Miss Hattie Alley and her niece, Miss Lulu Trisler, of Maysville, visited their uncle, Mr. Wm. Mattingly, Saturday.

#### GERMANTOWN.

Mrs. J. M. Walton and son are spending the week at Mayslick.

Miss Lulu Myall, of Mayslick, will spend Christmas, the guest of Miss Mary Walton.

Mrs. Martha Walton attended the funeral of Col. A. J. Whipple, at Covington, on Monday.

Brady and Pickett Jolly, of the A. and M. College, Lexington, are at home to spend Christmas.

A very reliable rumor has it that one of our worthy citizens will wed a young lady of our acquaintance next week.

Miss Alma Riggan, of Rectorville, is the guest of Miss Little Humphrey, and is adding much to the interest of the meeting by having charge of the music.

Miss Mollie Merriman is conducting revival exercises at the M. E. Church, South. She is a young lady of very fair and delicate physique, but an earnest worker and an interesting speaker.

Elder Duncan will preach his closing sermon on next Sunday, the 27th. I think I can safely say that it was the universal sentiment of our people that they would have been glad for him to remain, and regret his departure.

At the Christian Church, Christmas evening, an entertainment will be given by the pupils and friends of the Sunday school. The exercises will consist of the rendering of the beautiful cantata, "Waiting for Santa Claus," and other songs and recitations, the whole under the direction of Miss Mary C. Savage. Judging by other entertainments in the past and from what we know of this one we can safely promise all who attend a delightful evening.

### No Use for Honest Men.

The National Weighing Machine company has, it is said, just bought the right to use a certain lock on the money pouches of their machines, for which they will pay the inventor the sum of \$50,000. This is a safety lock, and its purpose is to prevent robbery of the machine by the employees who are entrusted with collecting the earnings of the silent money makers daily. There are 20,000 of these machines now in use in the United States, and the company is getting ready to put 10,000 more on the market. When a penny is dropped in the slot it will roll into a little iron box and there remain until the collector calls during the day.

The collector will be furnished with a seamless bag, the metal mouth of which he will insert into an orifice in the cash box. There is a registering lock in the mouth of this bag, the registered number of which is recorded in the company's office before the collector receives it. Inserting the bag properly, he turns the key which he has just one quarter turn. This releases a concealed key in the bag, which is guided into a keyhole in the cash box. A second quarter turn unlocks the cash box, and the money rolls into the collector's pouch without his being able to touch it. A third quarter turn withdraws the concealed key, and the last turn releases the pouch, with the contents of the cash box intact.—Boston Transcript.

### Almost Side by Side.

Two sailing vessels recently lay in the Mersey that had left Liverpool on the same day last year, and after voyages of nearly 30,000 miles for each returned to port at Liverpool almost side by side. They left Oct. 5 for Astoria, Ore., and arrived there March 1 or 2, having been in company with each other for a large portion of the voyage. They were in sight for forty days. Both captains had their wives on board, and during the forty days of proximity one of the captains and his wife enjoyed Sunday dinner on the other vessel, the compliment being returned the following Sunday by the other captain.

Both vessels left Astoria April 8, but this time one vessel sailed for Dunkirk and the other for Havre. They left these ports at nearly the same time, and entered the Mersey within hailing distance after a voyage of 342 days.—London Letter.

### A Snake Swallows Five Turkeys.

The two Shafer brothers, who live on the east side of the Osage river and some distance below Castle Rock, had an adventure with a blacksnake the other day. A dog had chased a rabbit in a hollow log, and one of the brothers reached in the hole a little way, when he was instantly bitten on the hand. Fearing that a snake had inflicted the wound, the other brother hastened to house and returned with a bucket of fresh milk and an ax, the former to be used to counteract the poison and the latter as a means of investigating the interior of the log. After some work the log was split open and a huge blacksnake measuring over nine feet emerged. The serpent was soon killed, and afterward cut open. His stomach contained five young turkeys and seven turkey eggs. The brother who was bitten experienced no serious results from the wound.—Jefferson City Tribune.

### Infringing on an Ancient Idea.

"There is no new thing under the sun." Messrs. Roberson, of Long Acre, in the course of their business of supplying artists with pigments, became possessed from time to time of remains of the great Egyptians, to be in due course ground up by them and sold in tubes as "mummy" paint. The firm recently lent a piece of the beautifully woven and preserved linen bandages in which a high priest and keeper of the baths had been preserved to be shown at some conservator or lecture in the Midlands.

The texture and quality excited great admiration among the audience, which culminated in something like astonishment upon the declaration of a manufacturer that this fabric, woven perhaps by a contemporary of Moses, contained the same disposition of threads which he had independently invented and patented only a year ago.—Pall Mall Gazette.

### A Hopeless Case.

Father—What's the matter now? Small Son—Boo, hoo! Snively Groo-goo licked me.

Father—See here, this is the third time you've been licked within a week. How do you expect to exercise the inherent prerogative of every free born American citizen when you grow up and vote as the dictates of your conscience and mandates of your best judgment suggest, if you can't fight better than that?

### THE MARKETS.

#### Weekly Review of Cincinnati Tobacco Market.

Total offerings for the week 1,634 hds, against 2,426 hds the previous week and 1,885 hds for the corresponding week last year. Total offerings for the year to date 115,823 hds, against 117,762 hds same time last year.

Hdhs. Receipts for the week.....685

Receipts same week last year.....1,065

The offerings were light and there was a marked reduction in stock of 514 hds. The market did not improve much during the week, and previous week, holding steady. Old good to fine leaf and those grades showing color and character are in active demand and sell at full prices. Red tobacco and common and medium leaf do not command the same attention as other kinds, and prices received do not give as much satisfaction. The common and low grades show a good steady demand, and there is no change in price.

There was a fair offering of the milder, and a strong market prevails for everything from trash and lugs to good and fine leaf, buyers being active bidders, and full and satisfactory prices are received.

Of the 1,634 hds, 319 sold from \$1 to \$3.95, 328 from \$4 to \$5.95, 461 from \$6 to \$7.95, 189 from \$8 to \$16, 169 from \$10 to \$14.75, 123 from \$15 to \$19.75, 33 from \$20 to \$24, and 1 at \$25.

## A THOROUGH TEST

Of the Harris Fuel Gas—That's What Several Experts are Making.

An Indiana Editor Enthusiastic Over the New Fuel—He Tells of His Visit Here.

Mr. W. F. Downes, of the Connerville, (Ind), Daily News was one of the many gentlemen here last week investigating the Harris process of making fuel gas. Several chemists and experts were brought along by the visitors to make a thorough test of the gas, among them Prof. Noyes, of Rose Polytechnic Institute, Terre Haute; the Superintendent of the Indianapolis Gas Works; a scientific gas man from Evansville, and a prominent gas engineer from Cincinnati. Mr. Downes publishes a lengthy account of his visit here, and that he was satisfied with the tests made is very evident from the enthusiastic manner in which he writes. He says: "Prominent capitalists and interested persons were there from Indianapolis, Cincinnati, Dayton, Oxford, Richmond, Chillicothe, Covington, Franklin, (Ohio), Chicago and various points in the East, and the only persons among the whole number who were not enthusiastically impressed with the plant and its wonderful work were two or three individuals who have interests at stake that will certainly be damaged by the success of fuel gas.

"The writer, since seeing the plant in operation, is thrice more enthusiastic than ever before. The plant is very crude, and we are astonished at the perfect results from so imperfect an apparatus.

"That they can make gas of almost any degree of richness they desire, is a fact that any child can see and understand. Besides this, they can make it quickly and can keep the supply constant. The cheapness of the gas is also apparent to anyone—as they only keep on hand a cart load or two of coal, and an oil tank with only a capacity for a few barrels.

"We saw the gas tank filled and emptied four times from probably one wheelbarrow load of coal, and the oil in the tank, which we examined before, after and between times, did not seem to have diminished a particle. Gas was made without oil, and with quantities of oil up to one gallon to the thousand feet, the latter quantity producing an illuminating gas of sufficient richness to make a fourteen-candle power light. The gas was piped and burned after being cooled, and was also burned under a zero temperature.

"With all these favorable showings one cannot fail to be impressed with the idea that it is a success.

"It was given out before the test that they were not trying to make a record for speed, and yet they made 4,400 feet of gas in exactly nine minutes.

"The experts are making an examination from the stump up. They measured the holder, examined every part of the apparatus, measured the fuel and oil employed, then the gas is tested as to heat units, and as we have before stated, when this is through, samples of all grades will be taken to Terra Haute for analysis.

"D. B. Franklin, manager of the Eagle Paper Mills, at Franklin, Ohio, was present and he informed the writer that he would put in a plant at his works within the next sixty days if the testimony of the experts comes within two-thirds of bearing out what is claimed for the gas as a steam producer.

"The superintendent of the Indianapolis gas works went to Maysville fully opposed to the theory, and persons in Connerville know of his candid opposition. He is not a complete convert yet, but he informed a gentleman from Connerville that the ideas were all right but imperfectly carried out as to some details. He said 'I believe I could make the plant a perfect success with two weeks experimenting.'

"Mead, who has organized the States of Ohio, and has an option on Pennsylvania, is ripe with enthusiasm, and is ready to push things."

"General Hardin says 'whatever good or bad scientists may say of it, we have a machine that will do the work, and all people want is a practical demonstration of this fact.'

A company was organized at Connerville some time ago and they have contracted for a plant with three times the capacity of the Maysville works. Mr. Downes closes his article by advising the people of that city to hold their stock.

MR. CHARLES ELLIS succeeded Mr. J. H. Gayle yesterday as passenger agent of the L. and N. and joint freight agent of the C. and O. and L. and N. at this place.

Mr. Gayle and family return to Louisville. Mr. Ellis has had charge of the K. C. and L. and N.'s business at Butler, Ky., for several years, and his promotion is a recognition of his faithful and efficient services.

## FRANCIS H. TAYLOR.

A Former Citizen of Maysville Dies at Sedamsville—Brief Sketch of the Deceased.

Died, Monday, December 21st, at Sedamsville, Cincinnati, of Bright's disease, Francis H. Taylor, aged eighty-four years. Deceased was a resident of Maysville years ago, and is remembered by many of our old citizens. He was born at Washington, and lived for a while in the East End, in the brick residence known as the "Morrison House," now occupied by Mr. Robert Adair. He owned a big tract of the surrounding land, part of it now being embraced in the corporate limits of the Sixth ward. While a resident of Maysville he was engaged in the grain business. He moved from here to Louisville, and in after years located at Cincinnati. Deceased was a brother of Mrs. Captain James Robinson. Among the surviving relatives are Messrs James F. Robinson and Frank Robinson, formerly of this city, and Mr. Chambers Leggett, of Ripley, all of whom are nephews of the deceased. Mr. Leggett was here yesterday, making arrangements for the burial. The remains were brought here on the 10 o'clock train this morning and interred in the cemetery.

MR. JOS. M. LOCKE, one of the chemists who came here last Friday to test the fuel gas, was taken sick with the pneumonia, and has been very ill ever since at the Central Hotel. He was somewhat better this morning.

FOR fancy oranges, bananas, raisins nuts—mixed and unmixed—figs, citron, fine candies, fire works, dressed turkeys, game, oysters, celery, cranberries, sweet potatoes and everything good to eat of the very nicest, go to R. B. Lovel's.

WINCHESTER has taken a step in the right direction. She has provided her fire department with a new horse wagon that will be drawn by horse power. Her authorities concluded that relying upon a few men and boys for such purposes was out of date. Maysville should profit by Winchester's example.

THE postoffice and T. P. Waddell's saddlery at Millersburg burned yesterday morning. Both were small one-story frame buildings, and were rebuilt after the fire which destroyed them and the Johnson House a year or two ago. Insured in Boulden's agency for \$300 on buildings and \$800 on Waddell's stock.

REV. B. W. MEBANE was taken sick Sunday night with the grippe and has been very ill ever since. There was no improvement in his condition this morning. His wife and children, also Mr. Alfred Clift, who resides with the family, are also ill with the disease, but were better this morning and are improving.

MRS. AMANDA POTTER died this morning about 1:30 o'clock at her home on Third street, Fifth ward, after a lingering illness from cancer. She was past sixty years of age, and was the widow of George Potter, who died several years ago. Two children, both daughters, survive her. Deceased was a member of the M. E. Church. The funeral will take place Friday at 2 p. m., and will be conducted by Rev. Cyrus Riffle.

MR. PATRICK O'DONNELL, a well-to-do farmer, died yesterday at his home near Tuckahoe, of pneumonia, superinduced by an attack of the grippe. He had been ill several days. Deceased was about fifty-seven years of age and leaves seven children. His wife survives him, but is very ill. He was a brother of Mr. John O'Donnell, of Market street. The funeral takes place this afternoon at 2 o'clock at St. Patrick's Church, after which the remains will be interred at Washington.

RIVER NEWS.

Henry McClanahan takes a position as engineer on the St. Lawrence.

A heavy fog last night delayed all the packets. The Congo passed up at 8:30 o'clock this morning, and the new Telegraph half an hour later.

Due up: St. Lawrence at 9 p. m., City of Madison and Stanley at midnight. Down: Bonanza and Keystone State this evening and Boston to-night.

Lee Andrews, a son-in-law of Captain McClain an old pioneer in the Maysville trade, is now owner of Smith's Landing on the Ohio side just below Augusta.

THE FRIENDS of Mrs. W. H. Wadsworth, Sr., will learn with sincere regret that she is no better. In fact she is worse than she was yesterday. Her condition is very critical.

## STEAMER BURNED.

A Disastrous Fire in Mid-Ocean.

THE PASSENGERS ALL SAVED.

The North German Lloyd Steamer Spree Rescues All on Board of the Burning Vessel—The Abyssinia, of the Guion Line, the Vessel Destroyed—Other Foreign News.

London, Dec. 23.—The North German Lloyd steamer Spree, Captain Willigerod, which left New York Dec. 15 for Bremen, passed the Scilly Islands yesterday morning and signaled that the steamship Abyssinia, of the Guion line, which sailed from New York on the 13th inst. under command of Captain Murray, bound for Liverpool, had been burned at sea in latitude 49 degrees north, longitude 29 degrees west.

The Spree signaled also that all on board the burning steamship were saved. The date of the burning of the Abyssinia, however, was not signaled. Although the Spree did not report that the Abyssinia's passengers and crew were on board of her, it is supposed that such was the case.

The burned vessel was an iron bark-rigged screw steamer of 2,346 tons net and 3,651 tons gross. She was built at Govan, Scotland, in 1870. She was 363 feet long by 42 feet 7 inches beam and 34 feet depth of hold. She had compound engines of 500 horse power.

PERISHED IN THE APPENINES.

Two Hundred Laborers Buried in Snow Storm.

Rome, Dec. 23.—A fearful snow storm in the Appenines overwhelmed 200 laborers who were returning by the railway to Sulmona in Abruzzi from Iserni, on the western slope of the mountains. The storm came with such swiftness and fury as to put a stop to all travel, and of the 200 a large number were buried beneath the tremendous snow fall. It is believed that scores have perished.

The relief party, which hastened to the scene upon receipt of the news as soon as the storm abated, had already, at last accounts, recovered the bodies of fifteen dead and were still actively pursuing the search for the remains. Such an overwhelming and destructive storm has not been witnessed for years in that vicinity.

Diplomatic Relations Severed.

PARIS, Dec. 23.—It is announced here that all diplomatic relations between the French government and the government of Madagascar has finally been ruptured owing to the long dispute as to the right of granting exequaturs to foreign representatives in Madagascar.

British Steamer Lost.

LONDON, Dec. 23.—The British steamer Cavalier, from Gibraltar for Fastnet, has been lost and it is feared all on board were drowned.

BRITISH VETS DETAINED.

Two Peculiar Cases for the Barge Officials to Decide.

NEW YORK, Dec. 23.—Two veterans of the English army arrived here on the City of Chester Monday. One was John O'Brien, sixty years old. He came alone and made affidavit that he had commuted his pension of twenty cents a day from the British government for £95. This £95 was not paid to him in cash, but he received a draft on the British consul general at this port. The draft was given to him, he said, on condition that he emigrate to this country.

He was without funds and the barge officials detained him. The consul general refused to pay the money until O'Brien was formally landed and the barge office officials refused to land him unless he had the money. The other veteran is Charles Gibbons. He is sixty-two years old and came over with a wife and five children. He had commuted his pension for £204 and like his companion had a draft on the British consul general. He was also detained. Both men say they fought in the Crimean war.

Natural Gas Fight.

RICHMOND, Ind., Dec. 23.—War has been declared in the natural gas fight between the company and the city. At a meeting Monday night the city council refused to revoke the ordinance regulating prices, and rejected a compromise offered by the company. The matter will be watched with interest by all Indiana cities, as it goes into the courts Jan. 1, and will be carried through the supreme court, no matter which wins here.

Kicked to Death by a Horse.

WINCHESTER, Ind., Dec. 23.—Yester-day Philip Ryan, aged about seventeen, and an employee in the livery stable of Charles Diggs, was kicked by a horse and almost instantly killed. He was kicked in the mouth and on the side of the head, fracturing his skull.

Died of Paralysis.

ASHLAND, Ky., Dec. 23.—R. W. Lampton, aged seventy-three, formerly prominent in iron interests, deacon of the Presbyterian church and capitalist, died suddenly yesterday from the effects of falling down stairs. Supposed paralysis.

Who Put It There?

RICHMOND, Ind., Dec. 23.—A valuable Amati violin was found yesterday in the loft of Hon. Richard Jackson's barn, one of his children. The violin has been pronounced by experts to be genuine, and one of the most perfect in existence.

A Big Misunderstanding.

WILLIAMSPORT, Pa., Dec. 23.—Judgments of over \$200,000 have been filed against George L. Sanderson, a prominent business man and baker. He says it is due to a misunderstanding, which will be speedily adjusted.

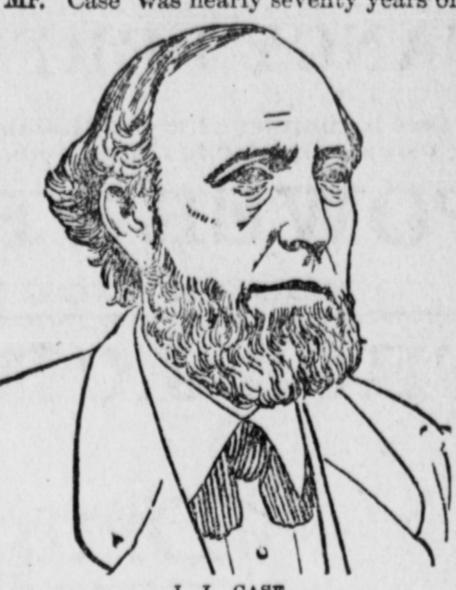

Grave Robbed.

MOUNT VERNON, O., Dec. 23.—Body snatchers have robbed the grave in which John R. Phillips, a prominent farmer of Pike township, was buried. There is no clue to the ghouls.

J. I. CASE DEAD.

Pioneer of Racine, Wis., and Leaves Fortune of \$5,000,000.

RACINE, Dec. 23.—Jerome I. Case, a famous manufacturer and horse breeder of this city, died at his home on Main street at 2 o'clock Tuesday morning. Mr. Case was nearly seventy years old.

J. I. CASE.

He came to Racine in the forties, and from a small shop in which he built one threshing machine at a time, his factory grew until it now covers forty acres of ground. Besides this mammoth factory, Mr. Case was the controlling spirit in the plow works here. It is estimated that his fortune amounts to \$5,000,000 or more. About fifteen years ago Mr. Case began breeding trotting horses, and his stable still boasts of such famous cracks as Jay-Eye-See and Phallas. Mr. Case was a rugged man of his age, and until a few days ago personally superintended the workings of his colossal factories.

Mr. Case leaves a widow and four children. His son Jackson is now mayor of the city.

The Son-in-Law Suicides.

RACINE, Wis., Dec. 23.—Captain Edward L. Baker, son-in-law of J. I. Case, committed suicide yesterday by shooting himself through the head. He was one of the trustees of the estate of his brother, which was valued at \$2,000,000, and was guardian of the five sons, all minors. To the three eldest he had given an accounting. Last Saturday Mr. Stephen Bull and Major Jackson I. Case, acting for his father, who died yesterday morning, and who was a bondsman of Captain Baker, learning that he held mortgages on Dakota land, held in trust for the other sons, called on him, and asked that he give an accounting. This is now pending. Captain Baker had made many unfortunate investments, but his friends claim that his fortune is not impaired, although this is not generally believed. They claim that ill-health temporarily unsettled his mind.

Death's Harvest.

ROCKVILLE, Ind., Dec. 23.—Death is reaping a rich harvest among the old people in this county. Numbered among the recent deaths are Jabez Rayle and wife, aged seventy, near Bloomingdale. Both were buried in the same grave. Henry Sturgen, near Poland Mills, aged eighty; Ezra Martin, of Rockville, aged eighty-five; William Thomas, of Rockville, aged seventy, who died suddenly last night; James Patterson, aged near ninety, of Amesbury. All the deaths occurred within the past few days.

Took Girl with Him.

CANTON, O., Dec. 23.—Eph Kelly who recently skipped out from north Georgetown with \$3,000 secured by forged notes, is now known to have eloped with Theresa Goss, a young woman. Miss Goss is extremely pretty, but wayward. Kelly's wife will make an effort to locate him.

Archbishop Kenrick Ill.

ST. LOUIS, Dec. 23.—It has just been learned that the venerable Archbishop Kenrick is seriously ill. Ever since the sudden attack of weakness which seized the aged prelate during his daily walk about two weeks ago, and which showed that the exciting event, that of his jubilee celebration, has told heavily upon his constitution, he has not been able to leave his bed.

Another Crank That Wanted Money.

VINTON, Ia., Dec. 23.—A crazy man named Ben Bales, living here, demand \$10,000 from C. C. Griffin, a rich physician, yesterday, threatening if refused to take his life. The police were notified. Bales was arrested and taken to the asylum at Independence.

A Criminal's Career Closed.

LITTLE ROCK, Dec. 23.—A crazy man from Ultima Thule says: Will Lancaster was shot and instantly killed last night by Constable Eugene Holman who had attempted to arrest him. Lancaster has been a criminal from justice for many years.

Blaine Not in the Contest.

COLUMBUS, O., Dec. 23.—Secretary James G. Blaine has written a letter to Editor Hopely, of Bucyrus, declaring that he has taken no part in the Ohio senatorial contest and denying the report that he has written a letter in favor of any candidate.

Two Men Killed by Cable Cars.

DENVER, Dec. 23.—Two men were killed by the cable cars last night. The victims were J. J. Gangloff, aged sixty-seven years, a mining operator of Alma county, and Jurgens Henley, a dagman of the company. The first named had both legs severed, and Henley was crushed to death.

Injured in a Powder Explosion.

VINCENNES, Ind., Dec. 23.—While preparing a blast at Freeman's coal mines, William Higgins and Charles Sellers, Jr., miners, dropped a spar into a keg of powder. Instantly it exploded, badly burning and injuring both men.

An Old Lady Killed by Cars.

TIFFIN, O., Dec. 23.—Mrs. George Bechel, seventy, was run over by a Pennsylvania passenger train at New Washington yesterday, and was instantly killed. Her body was mangled in a horrible manner.
